Subject: Request for Guidance on Our Anchor Project

Dear Sir/Madam,

I hope you're doing well.

I'm writing on behalf of my team of four to ask about the anchor project. As team leader, I'd be grateful for your guidance on our assigned topic, the project objectives, the expected deliverables, and the submission requirements.

Could you please share the project guidelines with us? We would also like to know if there are any specific formatting instructions, deadlines, or submission links we should follow.

This will help us understand exactly what is expected and plan our work properly. Thank you for your time and support. We look forward to hearing from you.

Yours sincerely,
R. Praveen Kumar
